

## **March 15, 2021**

# **Select Board Meeting Minutes**

Conference Call set up by Nancy LaRose

Meeting called to order at 5:30 p.m.

Present: Select Board Members: Donald Lynch, Sr., Arthur Tilton, Jay Marsh  
Town Clerk: Nancy LaRose  
Emergency Management Coordinator: John Terrel

1. John Terrel wanted the Select Board to know that there is a USDA Community Facilities Grant that has been activated. This would be for a generator, housed at the school, and would be used during an emergency event. Two ideas were thrown around. The first is a generator ready pad that would be installed and used when FEMA or Red Cross brings a generator, and the second would be to purchase a generator outright. The grant award is 35% with the Town paying 65%. These grant opportunities will be available in April and December. The Board asked John to put a couple of proposals together and bring it back to the Board. Once they hear the options, they'll make a decision to move forward or not.
2. John also talked about the Wireless Priority Service (WPS) going into effect on March 27, 2021. This is a telecommunications service that will be used during an Emergency event. AT&T and Verizon both offer it. John will get it.
3. Since Howard Duchacek has resigned as LRSWMD representative, that position has been vacant for a couple of months. The Select Board appointed Lucas Tilton to fill that position.
4. Approved and signed liquor license.
5. Looked over paperwork for FEMA. There are a couple of things that they need to complete their review of our submittal for the 10/31 & 11/01/19 event, specifically on Rogers Road. Also, they have some questions regarding the Church Street Bridge Abutment repair, before going forward. The Board is going to call Jeffrey Small at some point.
6. Approved bills to be paid.

Adjourned at 6:25 p.m.

*Respectfully submitted by Nancy LaRose, Town Clerk*
